Juniors Take the Prize

The life of every 2004 graduate changed on October 18,2002, when the juniors beat the seniors by a whole point in the Homecoming showmanship contest. Juniors who participated in the event had a '70s look going on with catchy music and flashy outfits and a script that had the whole student body's attention span.

The freshmen and sophomores were disqualified after getting boo'd by the judges, who had to make the final decision between the juniors and seniors. Juniors had a score of 7 already. The judges held up a 9 for the seniors, making them jump for joy, but the joy turned to despair when the 9 was turned around to make a 6.

The junior class stood in astonishment that they had actually beat the seniors. This will go down in North High's history as another example of why the class of 2004 rocks.

Show Your Viking Pride

How do you show your Viking Spirit? Students show their spirit in a variety of ways. They go and cheer their athletic teams on to victory by cheering along side the cheerleaders.Some times just as loud but most of the time they cheer over the other teams' cheering.They paint their faces to show pride and encouragement for the team because if they lose we are there to help and cheer them on. Wearing red and black on fridays has and will from now on be a tradition for years to come.So we can be proud that generations will remember 2003 for their Viking spirit.

student Artists

Many have come and conquered the world of art right here in Norths hallways. Artists of all kinds have come from North.The graduates of North have set off to become extrordinary artist in the world. Some will leave but we will always know that we worked side to side with a great artists known as friends. All sorts of artists have and will continue to make North proud from 2003 untill all is done. The years will pass but the artists memories will always stay intact in their hearts.

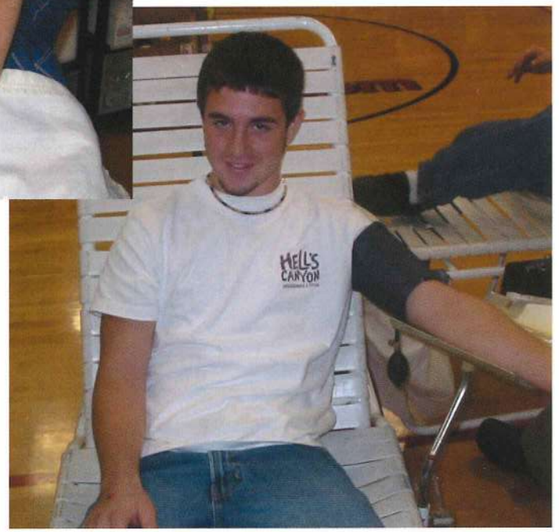
Students Waiting to give their Blood!



Joey Arndt

Did you feel the urge? The urge to give your own blood? 255 people showed up on November 25th to give their blood in the North Salem gym.

Every year, North holds two blood drives, one in the fall, and one in the spring. North gets the most people in the region when it comes to high school.

Becky Lippmann, Human Bio teacher, coordinates the Blood Drive.

Students Kim Ford and Erik Svendsen were greeting donors at the door. Erik says that he couldn't give blood because he wasn't old enough. Kim says she didn't feel up to it. I guess some people just don't like needles!

When Janelle Brandt gave blood, she said it was easy. When they poked her finger, it was the worst feeling. Janelle was one of the little amounts of people that got light headed. Luckily, nobody fainted this year.

What do you do after school?

When the final bell of the day rings the halls go empty. This doesn't mean its the end of the day. This means that many of the student are off to their extra curricular activities. Many students are busy with sports, homework, going to hang out with friends or even just going home to take a nap after their long day.

Play to win!

Cross Country

Who are you looking forward to competing with most this season?
"Well, the person I want to compete against would have to be myself because it's not if you win or lose it's if you gave your best."
~Ben Pearson

How do you feel the overall season went?
"It was fun. We went to Trask and got to run through the mud. Even though we did not have a girls team we did good for what we had."
~Haley Hardt

Do you like your coach?
"Coach Berger and Coach Edgar have made this season fun and exciting. This being my senior year I have had so much fun. From cold wet salty runs on the beach to muddy escapades. The coaches are awesome cool hiptjive."
~Mike Irwin

What inspired you to join Cross Country?
"What inspired me to join cross country was wanting to begin a sport. Also seeing if I had the guts to run a mile."
~ Tracy Evangelista

This cross country season went well for both the boys and girls. They got to go many different places like Seaside where they played on th beach and had a great team bonding experience. They also got to race atTrask where they got to run through the mud and get all dirty. Overa the season went good and they are all looking forward to next year.

VARSITY VOLLEYBALL

How did it feel playing Varisty as a sophomore? "It was fun and I'm looking forward to next year!"

~ Laurel Allen

This season went great for our Varsity Viks Volleyball team. 2002 was definitely a good year! Junior, Faith Berger said about the season, " I expected to have some tough competition, but we just stepped up to our level of play. This was an awesome year!" So it seems to be that the girls of the varsity volleyball team were very confident before going into this year's season. "As the season continued, we grew closer and more competitive," said senior Katie Rickert.

As far as for next years se

~Leah Gradwohl

What was your most embarrassing moment?
" When we were crying after we lost to West Salem."
~ Nelia Drofyak

What did you like most about practice?
" Stretching at the end."
~ Haley Nicholas

The freshman girls volleyball season was both rewarding and successful. They worked together as a team and kept their heads high despite a loss in a match. The team learned the importance of team unity, dedication, and hard work. "It seems like all we do is drills, drills, drills, but we also work on supporting each other," said Vanessa Kitchen.

Passing, setting, and hitting, were not all that the freshmen team worked on. Their serves could always use work, and no a day went by without practice on blocks, transitions, an digs. Putting it all together is what made the finishin product.

The team had a very successful season. The players ar looking forward to next season!

What have you learned from this soccer season.

"I've learned that winning isn't everything, just as long as you give it your all and play with heart."

~ Jessica Ubay

What was the highlight of this season?

"My beautiful goal against Mckay and after I scored Ashika coming up to me and knocking me over."

~Jasmine Zimmerstucky

What were things you remembered about this soccer season?

"After practice when Ashika and I took flowers from random yards. Ha, good times!"

~Claudia Cervantes

This year, at North Salem High, the girl's varsity soccer team consisted of nothing more than hard working, determined young ladies who put forth extraordinary efforts and achieved many goals!

Their new coach, Mrs Lindsay Everett, lead the team to success in more ways then one. The varsity squad learned to work as a team, bond as a family, and play with heart! " Play every game as if it were your last." said senior Claudia Cervantes gives her words of wisdom to her fellow teammates before the McKay game.

The girls were known for overachieving themselves not just on the soccer field but off the field as well. They came together and formed their very own bottle drive, and helped out the booster club! These girls also made sure to maintain good grades by putting their own time after school for study sessions with their coach.

North Salem is very proud to say that they have an awesome varsity soccer team which has upheld their outstanding reputation!

Varsity boys Take it away

Varsity Boys Soccer

How do you think the season went for your team?

"This year we had an older more experienced team that worked well together. The year was great. We went undefeated at home and away games We all had alot of fun."

~ Peter Pickett

The season for the boys varsity soccer team at its peek. Jose Gonzales led the team in scoring the goals for North. Louis Maciel and Patrick Callero were placed at the top of the list as the league, Nathan Nikels and Jose Gonzales were at number two on the league, and most honorable was Osvoldo Trujillo and Lorenzo Monso.

The coach of the varsity boys team had this to say, " This team that we had this year worked hard and all that work paid off, I was real proud of the seniors this year and how they lead the team, there were alot of seniors this year that I had in the past years and they worked well together very happy about this year and hope next year will be just as good."

This year the boy's team did remarkably well and we all hope the effort and time taken in to next years team. This was a perfect ending to a coachs season and a ways to finish for the seniors that are leaving.

How do you think the season went for your team?

"This year the team was all very experienced and the seniors that were on the team have played together for about 2-3 years and they had such a good chemistery when they were on the filed."

~Patrick Callero

What do you think about the whole season?

" This year was great I enjoyed playing with this group of guys, we would have not got where we are if we did not have such a great team."

Boys

The JV boy's soccer team had an awsome season this year. They finish the season with 7 losses. With a tied 3 to 3 to our rival south salem. The team has shown some improving and is getting better every game. Every players perfomence was important to the team. Schwartzentruber, head coach for the boys varsity soccer team is excited about next season. " We hope to have some new and fresh talent next year, and I am very excited." he was quoted as saying.

Jv Coach farr said " we got off to a good start, Lots of new young players. Good fresh talent made up for winning season. Expect a lot of the players to move up to varsity level next year.

The JV boys will have a strong impact on the varsity team next year. Because of the 11 seniors leaving the varsity team, the boys jv players will move up to the spots. And some jv players returning they will have a good up coming season.

This year was definitely a year to remember for our Viking Varsity Football team. This past fall season went well for our guys as they played their best with great school spirit. When asked about the over all season, assistant head varsity coach Slack said, "It was successful yet diappointing, because we did not win as many games as we would of hoped for, and we lost some really close games."

The varsity players this year also have great expectations for next year's season. "Since we are a very young team, we will just keep getting better and better," replied Coach Jay Minyard, when asked about his feeling for nest year's team. Coach Ramirez seemed to agree with Minyard as he stated, "We have a lot of returning players with experience from this year, plus a lot of underclassmen, so we should do well."

As far as the team itself, most of the players and coaches seem to agree that the team was more of a family this year. One of the year's biggest wins was against the West Salem Titans as the score was 41-12. Another big victory was the game against Crescent Valley when the Vikings scored 31-12. So all together this year went well for the Varsity team. Go Viks!

The fresman football team started the year out with a bang. They had a record of 3-6. Coach Blus led them to a victorious season, with the help of coach Fink

Each week during the 2002 football season, the fresman guys spent many long and tiring hours, rain or shine, working hard to capture a winning season. One player Cory Ryan said, " The one thing I would Change about practice is to keep going and never stop trying."

In the end, our freshman took it to the top. They went a the way, everday, giving 110%. Every game they went all ou and played to their fullest, giving the Vikings a great seaso from their freshman football team!

This years's JV football season was a season of learning. The team was young and eager to play. By the end of the season, the whole team had grown. They are all looking forward to next year's season when they will dominate. "We competed well the whole season. We got better every game. Our team got a lot of good experience in what it takes to be successful," stated Coach Charles.

"This was a great season. We started slow and ended strong, with a record of 2-7," said sophomore Andy Villastrigo. When asked how he felt about the season, Abe Norman repilied, "I was worried at the beginning. In the middle though, I realized that we worked so well together and had lots of real talent."

When Scott Graves was asked why he plays, all he could say was, "The love of the game."

Now is the time.....this year's JV players are going to be state champs of the upcoming 2003 season!

What did you achieve this year?
"Umm, I achieved my goal by dressing for the Varsity South game."
~Blake Ramseyer

What did you learn the most?
"I learned that if you want to win a game, the team needs to play all four quarters-not just two."
~Tyler Lewis

What was your most memorable moment this season?
"My most favorite moment was against South when I ran about a 50 yard run after almost being tackled in the backfield."
~Tyler Terpening

What did you learn this season?
"I learned that if you want a good team everyone has to put in 110%."
~Dan Clark

What was your most memorable moment during the season?
"Playing against McNary, not only because it was our last game but they were the hardest team."
~Mikey Flores

"Against Sprague when I fell on my hip and made the basket."
~ Brandon Young

What made you try out for basketball?
"It was a goal of mine to make varsity my senior year."
~Cameron McCormick

What do you enjoy most about basketball?
"Just having fun and playing, hitting the shot Miles eye."
~Tyler Hollingsworth

This year's varsity boys basketball season had many exciting games. Ther was no Jed Lowerly hitting game winning 3-point shots, or Sean Lake crossing someone at the top of the key. Even with out them our varsity boy did their best. Although their record was not the best its ever been the boy still played hardest through out the season. Our Varsity boys still came to every game ready to play.

Before the season even began, everybody had high expectations for 2002-2003's JV boys basketball team. We were all looking forward to seeing such unstoppable players in action like Andrew Hemelstand at center, Tyler Lewis and Mark Valentine at wing and John Sonden at point. Our boys did not let us down, emerging victorios as valley league JV champions with a 19-3 record defeating McNary for first place in an exciting last game of the season.

It takes the hard work and dedication of every player to push a team to victory, and the JV boys filled this responsibillty with a 110% effort.

We are all looking forward to seeing these boys in a varsity season next year and the year after, and if their varsity season are anything like JV season we have no worries. Good luck Boys!

How do you think the season was?
"The season went real well for us and we hope to be better next season."
~John Sondon

How do you play as a team?
"We play good as a team."

This year's varsity girls had a great chemistry ranging from 10-12 grade girls. They had many of upsets beating teams like McNary and Corvallis which were 2 of the top 4 league leaders. Even though North Salem ended up in 7th with an 8-10 record.

They where well known as a competitive team. With only two seniors on the team next years season is looking good with 11 returning players.

Winter of 2003 was a proud season for our Viking Swimmers. North had a good year, and some awesome competitions. With a strong team including new and returning swimmers, the season was over all an accomplishment.

When coach Mangen was asked what her expectations for this years season were she replied, "I'd like to take about 35 swimmers to district competition and one or two to state."

Team goals that were met according to Mangen were to do well at districts, improve stroke technique and endurance, and have fun. Well, this year definately was fun for the team, as they accomplished wins over McKay and West.

Way to go viks

The wrestling season began with some of the wrestlers not knowing what to expect, but as theVikings wrestlers went deeper into the season was going to be marked with improve ment and with many wrestlers getting some of the best records the school has seen in recent memory. With seniors Colby Keppinger and Brandon Waller leading the way the Vikings seemed unstopable going to district wrestling meet, when the vikings showed up they were ready to start picking away the competition. When Colby Keppinger took the mat he looked really sharp and hungry for a victory. At the meet Colby did eventually get his big victory and won his weight class, in the medak ceremony coach Edmunds himself awarded Colby his hard earned and well deserved gold medal. Brandon Waller also did well in his weight class, fighting his way to the top of the ladder but sadly he fell just shy of a big win. John Kohls, another wrestler who did well this year was very proud of himself and his team to get to the type of playing field with other schools that had veteran wrestler who had a little more experience than the Vikings, the Vikings as a young team did very well and deserve a congratulations for their hard work, so all wrestlers from students to staff we thank you for a very exciting season and wish you the best for years to come.

Academics

Key To Success

One...Two...Three...

Do you know what healthy means?

Health services academy courses are open to all students grades 9-12. The focus of the study reflects the requirements to complete high school graduation and preparation for entering the health services industry or continuing education at one of three levels. All students are required to complete a certificate of employability. The Exploratory Medical Endorsement is desinged for students that are interested in entering the work fore immedietly after high school or just exploring some of the options.

Physical Education

Weights, exercise, football, softball, soccer you name it and the PE teachers have you doing it. Mrs. Sexton, Mrs. Storey, Mr. Zeek, Mr. Minyard, Mr. Ramirez are just a few of the physical education teachers at North right now. They help you understand that eating right and exercise is the key to staying fit. What is being fit? Some of the classes will give you answers to questions like that through the text book units. Swimming is just one of the many things you may choose to do. If you take weights, you can tone up all of your muscles while getting in shape from the FUN stair runs. The PE classes are the best way to start a healthy life.

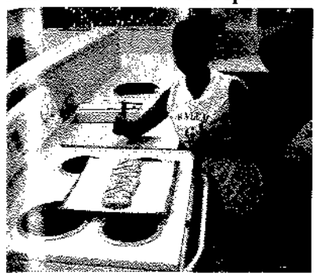
Cooking

Vikings show off their fabulous creations.



Cookin'

crispy, crunchy,tender, flaky crust.

Hey good lookin' whatcha got cookin'? The North Salem Viks are cookin' all different kinds of food. European, Mexican, American! Creaming, folding, and whipping are the class specialties besides making and eating food! For some, showing off their creative side is what they go for, all the others, well... let's just say FOOD. Everyone has to eat to survive and the cooking class has picked up the talent to do so. Mrs. Holcomb and Mrs. Beck are the ladies that make it all happen. They spent some of the class period going over the recipes and the rest stuffing the oven. The teachers help make the class a success and if you enjoy food and a good time step into their kitchen.

The classical era which started it all...

Orchestra

One of the many music classes here at North is Orchestra. Conducted by Mr. Garrett, the beginners, intermediate, and advanced students are collected into 4 orchestra classes. The music soothes the soul and does a lot of good for the brain. The orchestras perform many concerts throughout the year and some of them are hosted here at North. If you have nothing to do, come and support your vikings! Orchestra is open to all grades and has a variety of songs for each of them. The music played by the Chamber orchestra is the hardest out of all of the classes. The classes warm up with scales and then run through the sheet music. It is an enjoyable thing to do and be a part of. There are really no requirements for any of the orchestras except for an audition or two.

"If you stop when things are bad, you won't be around for the good. Always keep trying!"
-Jeaneen Gann-

Math is the subject that is always in our lives whether we like it or not. At North, the teachers do a great job of making it fun for everyone. In 1997, we took first place in math assessments and runner in 1998. AT-PAC is one way to practice math and be creative and persistent while usually getting ext credit. The AMC is one test that every math class takes and North has been doing fairly well. If you keep your attitude positive, you will succeed and math will be fun!

Social Studies

Social Studies is a great class teaching you things about the past and what to look forward to in the future of America and other countries around the world. To some, this class may be boring, but to others, this class very interesting and educational things.

The science wing is always making fun discoveries in new substances, the chemistry classes have exciting, massive explosions and most of all, the science teachers enjoy making the learning process fun. Mr. Stickles' chemistry class makes many of the experiments colorful and loud. Some of the other teachers mix substances that react and start to smell, such as sulfer. So if you walk by the science hall and smell something funny, you now where it came from.

Journalism

Production! Production! Production! We need the photos photographers! We want simple and down to the point! In journalism our journalists study around their peers and write articles into the Clarion to keep our students informed. We produce the yearbook for memories and for students to express themselves. Our class consists of talented designers, writers, editors, advertisers, and problem solvers. Without us, there will be no production!

Foreign Languages

Enrollment in foreign language has increased again this year and we have lots of enthusiastic students. Learning Spanish, French, Japanese, German, and Latin. We learn about the past history and present cultures of many different countries. "Aprender es importante."- Ms. Carlsen. Taking a foreign language is part of the requirements to graduate from North and our staff can help in that area. Ms. Carlsen and Mr. Edmunds are great Spanish teachers, Mr. Reinbold is the awesome Latin teacher, Mrs. Mangann is one of the German teachers, but they all do a great job getting you through your time here at North. Some of the things they teach students is how to write in the chosen language, and of course how to speak.

„ You learn about different cultures not just the language.- Sierra Rose, junior

Within the last two years band has gone through three director changes but it seems they found their fit this year. Chandra Jones had a few words to say about the year, " It's been kind of hard adjusting to so many different directors through out high school, but we've accomplished so much as a group and individually because of everything each one of us has brought to our program." From another perspective, junior Adam Stone recalls how the past year of band has been, "Well, a lot of people know we got a new director this year, and it's been pretty good. We're getting higher scores then ever, so…umm, yeah." Newcomer director Mr. Norfleet states, " My first year at North has been truly exhilarating. I have enjoyed working with the outstanding students and staff."

Art

"It takes your commitment, creativity, and self motivation to achieve success." Shirley Giesbrecht
North offers a variety of art classes; photography, graphics, painting, drawing, calligraphy, etc. All in all, students love Art because it allows them to explore and express themselves in ways they couldn't think of before. Some students enjoy painting because they get to paint on the walls. In the Art classes, students learn to see life and nature through multiple perspectives.

Teacher Aides

Being a teacher's aide is a great way for students to get to know teachers and to help them with daily tasks. If you're an aide you make copies, file, and run errands for a teacher. Teachers really love to have aides and we have had a great turn-out of them this year.
The Library at North is a great place to research for projects. It has great resources for school projects and other miscellaneous things. It also has a great selection of books to check out if you love to read.

Chorus

Northern Lights, Nordic, Chorale, Camerata, Meister Singers...

North Salem had a wonderful year when it came to choir and their performances. Each and every student here at North were hand-picked by a panel of judges. They were blind auditions as well. Meaning, the judges went solely on performance and didn't "pick favorites" so to speak. They got in only on pure talent and nothing else which means that North has the "best of the best." Our students have performed in groups as large as 400 people without breaking a sweat. Now, that is true bravery. They have proved to be true Viking material. With that said, North Salem has had a wonderful year and a successful one at that.

What's on the menu?

Family and Consumer Studies

In this class, you learn of all the different kinds of traditions in many different cultures and what kinds of foods they eat. You also learn to prepare meals and work around the kitchen. They teach you all of the items around the kitchen and how to use them. It's a great opportunity for those who want to pursue culinary arts. One of the main things as seen below, is "The Majestic Primrose", a restaurant that was put together, and the food was made all by the students. They studied on all of the different kinds of cultures and foods to put together a school involved event. The classes are run by Mrs. Holcomb and Mrs. Beck.

North High's administration/guidance staff is a vital part of life at North. The handle a variety of things including discipline, assembly planning, hall/lunch monitoring, guidance, class planning, and much more. Here's a treasured memory from out principal, Mrs. Bellock: "One of my favorite memories from this past year was the proposal of our band director, Lewis Norfleet, to his fiancee, Noreen, during a Wind Ensemble rehearsal in our auditorium. He timed the exact proposal phrase with measure 56 in one of his favorite musical pieces, "Shenandoah". Noreen, music, and North Salem are an important part of his life!" North is kept safe and running thanks to people like Mrs. Gilmore, Mr. Gertenrich, and Mrs. Edigar to name a few. We had a wonderful year this year but it wouldn't have been nearly as good without their help. "It's a great day to be a Viking!" says Mr. Gertenrich.

N-tech is an awesome course where you hangout, build computers from scratch and learn about key utilities for a computers hardware and software. The N-tech course is administered by Greg Smith, who has done a wonderful job of teaching students how to build, maintain and interact with today's vast growing computer technology industry. Once you have been tested on disassembling and assembling a computer along with your knowledge of basic computers components; then the students are ready to go throughout the building, responding to teachers, technological problems.

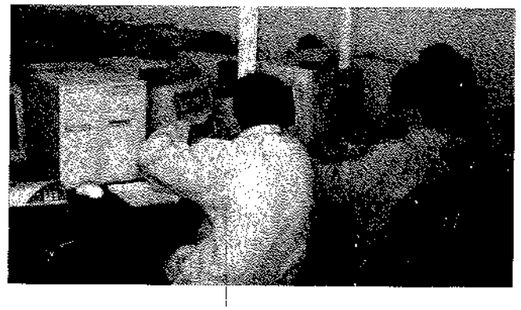
In business class they run the program MAPS, FBLA, Viking branch, JEFFY, and mentor Marion Miller students. In MAP's they get the students involved and get jobs it also is a operating business ran by student themselves, also in MAPS they have had parties for the MAPS program/business. For the Viking branch they have had a grand reopening it also is ran by the students. Mentors are the students they go to the Marion Miller school and spend the day with the students and help them through their problems. They also play games with the children and have lunch with them. "The business class has enhanced partnership with Marion Miller and supervise Viking branch. It's been an ASWOM class."-Ms Comstock. They have another program that is involved with young children were the students go to Camp Cascade and spend 3 days and 3 nights. This class is filled with inspiring and fun filled, hard working students this program/class practices problem salving, team work, and business skills. "This class has been a new experience and fun."-Whitney Williams "This class has changed my life, let it change yours." Vanessa Stockton.

Computer Science

YearTech...Master Page...Left and Right...



Tech at North is a program dedicated to entrusting students with the knowledge and expertise vital in this technological era. With diverse options for classes like electronics, computer system support, and programing, it can aide the student in knowledge for the future while still being fun. This program has become an asset here at North, further enabling the students to be the masters of their own future by giving them even more tools with which to deal with it. Being average is vastly overrated, Tech at North has really helped the participants go above and beyond the call of duty.

Loren listens to the lecture and completes his work.

Come Jump into a Puddle with Biology

Have you ever thought of Biology as being boring and over exaggerated? Well believe this no more. This yeah alone biology has been involved in several, fun, and interesting involvements. Which include first of all starting a new science club called *The Naturalists Club*. Within this new club you learn just about everything that takes place around you only out doors. Getting up at six o'clock AM and going bird watching, or camping in the Old Growth Forests are just a few of the adventures. Among this is the success of the annual Blood Drive that NSHS holds every year. Also, the biology has a natural history academy in which students can focus on a career in science and environmental things. This academy gives students the opportunity to participate as citizens. As for you as a student joining biology or any science as you can see they do fascinating and fun things not to mention have very diverse teachers. "Ms. Guest is crazy (but in a good way). She sings and dances and makes the class more interesting," according to Laurel Allen. Encouraged to join this class, and wanting to learn new things. So as Ms. Guest says, "Come and join the history academy or even the naturalists club to learn about everything around you. You can even put your rain boots on and come and jump into a puddle with us."

Special Ed and CE2

For the special people in our hearts...

For all of the people who make up part of the world and have just a slight disadvantage to learning, the CE2 teachers are here to help them at North Salem. Mr. Arnold is one of the many teachers that come to school everyday to help the special ed students. Diversity is what North is all about and all of the North family love each other. If you spent a day in the life of one of these students, you would be able to tell that they love coming to school and to participate in all of the activities they complete everyday. You will also be able to see that the teachers really do enjoy their jobs. Ours dreams and our hopes go out to the teachers and students in our help to make North a great learning experience for the Special Ed and CE2 students and staff.

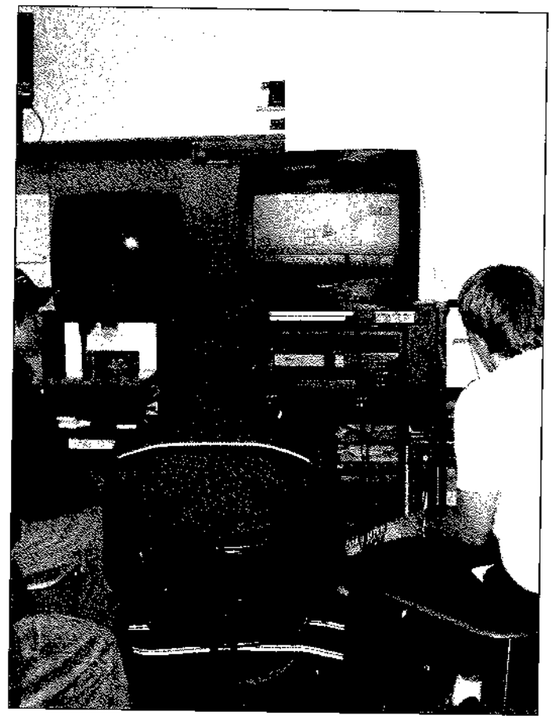
Clubs



All The Fun

Are you a member of...

Associated Student Body

The ASB club is amde up of all different age groups here at North. The student body is mainly rsponsible for all of the action that goes on with the club members. Leadership skills, the will to help others, and an outgoing positive attitude is all that you need to be in the club. ASB is more of a leadership choice in class, than being involved with North. ASB is associated with the dances, some of the fundraisers and many of the "special event week" that Norht holds during the year.

What do you want to be when you grow up?

A Future Business Leader of America?

FBLA is one of the business clubs that is given at North that is related to the real world. The club is run by Mr. Abel and goes over many of the requirements to succeed in the world after high school. The Future Business Leaders of America go on one major trip throughout the year. It is an overnight competition and is career based. If you are interested in finding a good job after you graduate, this would be a great place to start getting involved and a good way to understand the concepts.

MEChA is an organization reaching out to the Latino community. It is student led and provides information and activities for all Spanish speaking students. The club empowers students to be involved and have a voice on issues that concern them, and provides a home-base for those new to North. It promotes respect and tolerance for all Latinos, embraces their culture and beliefs thereby giving them a sense of their roots.

Mrs. Humber

This club promotes french activities at North such as French restaurants, movies, operas, etc.; and fund-raising to buy classroom supplies, videos. Also, being a part of this club gives you the chance to travel to France, or host an exchange student.

Robotics

What's the best thing this year?
"It's been a great year! We've done a lot of fun stuff. We've built robotic cars from legos." Alex Parker

If you enjoy using or building with legos, then the Robotics Club would be a good option for you. You will be able to learn about robotics and be able to build a machine with legos for the competition held in December. Upperclassmen will be able to join in the spring, and it will then be open to all students at North.

With drums beating and instruments sounding, North Salem Vikings take to the streets (for parades) and the fields (for sporting events), and...

The Marching Band Rolls On

This club really isn't during the school year. The marching band and colorguard is a group of band students who wish to be in the wind ensemble. They practice long hours during the summer months to compose an outstanding performance for their competition. The band is combined with all of the instruments that are in the regular class. Woodwinds, percussion,brass, etc. The colorguard is made up of students that either are incapable or do not wish to play in the band. They practice their moves and then combine them with the composition being performed by the marching band. The group is lead by Mr. Norfleet and Mr. Billera.

The drum line beats away as they keep their perfect flanks and files.

Colorguard brings grace and beauty to...

Motion

The Colorguard works right along side of the marching band. One of their tasks is to perform at the parades and competitions provided by the state of Oregon, and Washington. Every once in a while the band will travel to another region for a competition and the students in the colorguard may chose to play with the band or sit in the audience. Many of the marching band members are in the academic band class conducted by Mr. Norfleet during the school day. A wide variety of students say that the hard work pays off and it has had the band in the top 10 for several years.

MEISTER SINGERS

Meistersingers is a club for all the guys who aren't able to fit choir into their schedule. They meet every plus period for clubs if you are interested. Also for all the guys who wish to be in choir but do not want to sing with the ladies.

MUN

MUN is a club where you get to discuss world issues and policies while meeting people of all kinds. You can research questions, learn how to put them in format and how to form resolutions. If you have a heartbeat, an interest in people and want to learn about world problems, check into Model United Nations. MUN is a fun place to express your opinion toward the actions that effect the community.

Compromising is key to these debaters.

Do you know where your money goes?

The North Viking studetns run the MAPs Viking Branch. They take care of all the student accounts and transactions throughout the day. Upperclassmen are in charge of all of the other students and take care of training the new-comers. If you are interested, you will have to fill out an application and receive teacher recommendations.

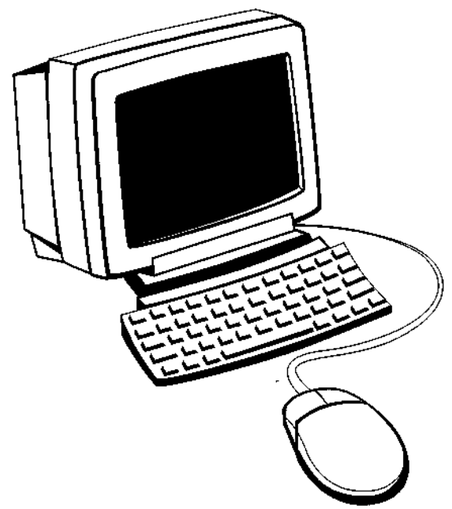
MAPs

Four of the other Vikings take time to pose for their photo to be taken, while working in MAPs.

Computer Club

Mega bites...CD rom...Giga bites...

The computer club is self-explanatory. Students work on the computer and learn terms, ways to make things happen, and how things work. Computers and technology are an important part of our economy and these students learn how and why. If the computers break down, the computer club comes a runnin'.If you are interested in computers, the computer club and maybe n-tech or computer classes are the place to start.



REACH

"Reach is one of the best clubs Norht has to offer. Go to one of the meetings and you'll be addicted." - Ashley Haines.
At North, REACH is a growing club. These students work together to try to make North a positive place for everyone. REACH has different projects every week and club members sign up to get them done. Without REACH at North, we wouldn't have the great talent show, unity week, holiday baskets, or peer tutoring. Special thanks to Mr. Hunter and REACH Club members.

Speech and Debate

The speech and debate team is open to all North High students who are interested in speaking about certain issues. Team members compete in a variety of events including expository,oratory, radio, after-dinner, prose, poetry, interpretation, and Lincoln Douglas Debate. The goals of the teams to improve individual speaking skills and to provide a supportive environment for each other.

Mingling between the debate brings new subjects.

Japanese Club

How many symbols do you recognize?

The Japanese club focuses on the Japanese aspects of the world and bringing them to North. Like the other languages, the Japanese club constructs fundraisers and watches movies too. During the club meetings, Mr. Flood touches on Japan and the culture of the japanese peoples. The students talk about the different effects that japanese culture has had when it was brought to America, and they hang out and chat.

What foreign language do you know?

German Club

The German club promotes all of the german language activities at North. The club is run by Mrs. Mangann, the German teacher. The German club fund-raises, watches famous movies in German, and hosts german exchange students.

NHS

National Honors Society students are selected based on their GPA. The first two pieces to join or qualify are a minimum of a 3.5 cumulative GPA and a minimum of 4 honors, AP, accelerated type classes.Then you will be put through an application process and the faculty surveys. Once you're in, the fun begins. For those of you who are having grade issues, get help and you too can be one of the applicants!

North Salem is the only high school at the moment that offers an army based program. Our JROTC is a club and part of a class that is offered at North. Involement, hard work, and having fun is all that is needed when it comes to the program. The army is involved so many of the afterschool hours are used with training and exercise to get in shape. There is not really a "BOOT CAMP", but somewhat of a workout. The different teams practice on a daily basis in or outside with the colorguard or just marching to understand the routine. The Colonel is a big part of the daily activities and is partly responsible for the respect and honor of the cadets for the Nation. The United States has a great deal of pressure that is put into the work of the cadets and their captains. Besides the competitions and hands-on training, the members hold fundraisers and they try to get the community involved. Parades and competitions are the main work-for side and social gatherings and trips are the fun-side.

Alyssa Middleton

I see you from afar and have to stare
Looking last to see you there
Tears of pride fill my eyes
I blink to see and to my surprise
My youngest child is almost grown
She was just a baby but the time has flown

When you were looking to walk
You would squeeze my fingers
You've long since let go
But your grip on me still lingers

Life is always a beginning
A new path, a new season
With new people in new places
For unimagined reasons
So prepare yourself
For whatever you pursue
And always be certain
Of my love for you.

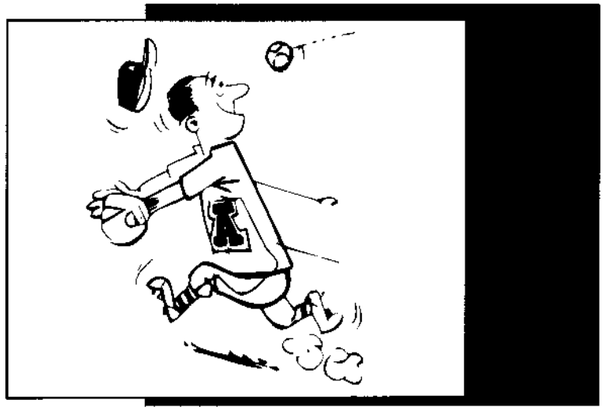
Is it different playing with older and more expierenced then you?
"No I feel I'm right up there with them."
~ Tyler Lewis

How do you think your injury will effect your team?
"This team is strong they will do fine with or with out me."
~Eric Ammon

What was your most memerable moment?
"When I ran into the wall at Cresent Vally."
~Joe Arndt

The North Salem varsity boys team is doing great this year, with awesome wins over many a valley league team. As of now they are still fighting for a play/off spot, and the chances are looking good. If they do not make the play/offs this year they still are having a lot of fun and are looking forward to next year ,with the majority of the team returning for next season. We are all excited for next years season and we hope it will be a great one. Great job Viks!

Lee Ekland, Tony Sword, Jeremy Hayes, Chris Lee (coach) Jordan Emery,Brandon Collins, Erik Ammon, Brandon Young, Blaine Knuth, Rocky Gail, Justin Hoffman, Sal Castillo, Tyler Lewis, Joey Arndt



What was your most memerable moment?
"When we beat South at home for the second time."
~Lee Ecklund

Who do you like better Lee or Godfreey?
"Livingston."
~Tony Sword

How do you feel about the team next year.?
"I think that we have a great chance with the play offs next year because we only have two players leaving."
~Justin Hoffman

Varsity Softball

Varsity softball this year had an overall good season, regardless of their record. The team had a lot of talent and tons of spirit but they are very young and despite their talent and dedication, some of the other valley teams just came out stronger. North Salem's varsity softball team came out strong against St. Mary's with a 2-1win in the seventh inning. Another strong win was when they went on their spring break trip and played a double header against Marist, the 3A champions from last year. The Vikings overall season shows that they worked hard and had a lot of experience from their girls. With only one player leaving our Viking girls have high hopes for next year.

Softball

How do you feel the team got along this year?
"We have great chemistry together, all of us got along. We have fun despite the outcome of the games."
~Sammie Phillips

How do you feel you guys will do next season?
"Our team gets along really well, and even though were all young this year we will have a much better season next year."
~Lyndsey Terpening

How do you think your team is doing this season?
"We play for each other and our team as a whole. We are fiesty little girls and no one has seen what we can do yet. But they will."
~Jordan Herrmann

How do you think your team plays together?
" We have alot of team work and cooperation. Our records does not effect our accomplishments."
~Whtiney Lee

Track

Track and field has been around North Salem for a long time. Every year, track has had a great season at North.
These are the many activities you can do:
- Sprinting
- 400 meters relay
- Hurdles
- Throwing
- Long jumping
- Triple jumping
- 100 meter dash
- 200 meter dash

This years track team did a phenomenal job on both the girls and boys side, showing now great our viking can truly be in athletics. Its been a proud year with such great wins over South Salem and other valley teams. Thanks for striving hard, Viks, and being the best you can be.

What event do you do in track and why?
I run the 1500 because its challenging and its something I'm good at.
~Bronson Garner

How do you think track went this season?
" It was cool to see our potential be put into action."
~Courtney McFadden

Tennis

This years girls tennis team looked promising with a new coaching staff and a big turn out of players. It got off to a good start even though the weather did not cooperate.These girls we encouraging and helpful to each other on and off the court.

How do you think the season went?

"It was okay, we could have done better but we did okay."

~Jennifer Chaffin

What do you think of the team?

" Our team made bog strides in making North Salem tennis a power house in the valley league."

~Angel Ochoa

The boys tennis team was exquisite in every match this year. They played hard every point trying to strive to the top. Stephan Hering said when asked how the season went for him, said "This season went well for me. There were a lot of difficult guys that I was up against and there are still more to come." Stephan was the foreign exchange student from Germany. That was a quick look at the boys tennis team for this year and we hope to see great things like this next year.

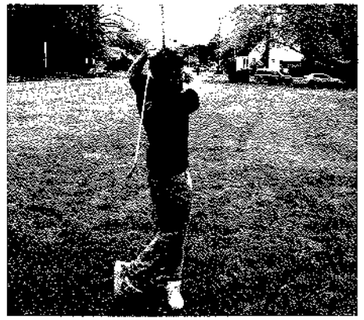
This was a great year for the golf team; they did remarkably well, playing the best in 4th valley league. This young golf team only has a handful of seniors and the majority of the team are sophomores. Their record might not show it but this team has improved and is still improving.



Tony Cole, Blake Ramseyer, D.J. Reisner, coach Jeanie White coach Kevin Goin, coach Julie Carlson, James Robinson, Kyle Salstrom, Chris Johnson, Nathan Yoder, Will Thompson, Kenny Hartline, Summer Smith, Colby Keppinger, Bryant McDaniel, Buck Wise, Jimmy Clark

How do you think you did this golf season?

"In 9 holes I went from an 80 to an 40 what do you think."

~Blake Ramseyer

How does the future look for Norths golf team?

"We should be good because we have Blake Ramseyer the future state champion."

~Kenny Hartline

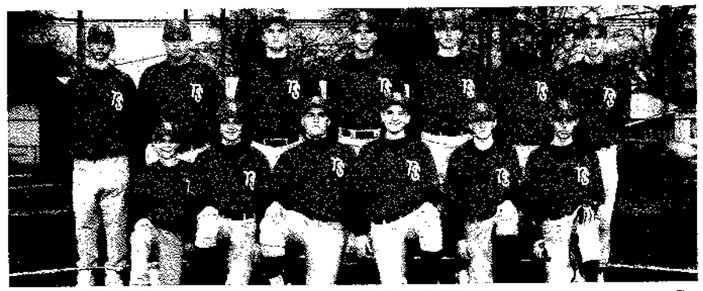
Freshmen Baseball

What is the funniest thing that has happened this year?
"When Jon Will got hit in the the eye while trying to catch a pop fly."
~Beau Craig

How do you feel the season is going?
"It started out good but we're geting lazy."
~Jordan Houser

What is your opinion on your team?
"Are team is strong but were missing some key players"
~Matt Wasson



Johnny Aldis, Matt Steinbrook, Mike Musaf, Coach Matt Gray, Jordan Houser, Saul Vallejo, Jon Will, Jerame Keller, Joey Howe, Cory Ryan, Beau Craig, Matt Wasson

These young Viks have had a great season so far only losing 2 games out of 10 and winning by 10 or more in at least 3 of their victories. If you were to watch them play you would notice an intense and very disciplined team.Their coach is Matt Grey, a young but very good coach that teaches great fundementals. North Salem fans should be really excited for the up coming seasons that these boys will be playing.

The boys of the JV baseball team started off the spring season with excellent attitudes about the upcoming games and wins. Even though there were a few losses, the team still had good sportsmanship and were optimistic about games to come.

Sophomore Abe Norman, had this to say about the JV baseball season. "We have a good team, a strong team and I think that we will be doing well this year."

The teams first official win was against South Salem, with the scores being, North Salem-23 and South Salem-18.

Another player, sophomore Blaine Knuth, commented on the teams improvements in the past few months. " Most or all of the players have improved and shown themselves to be good. JV will have a great season."

Great job Viks!!!

How do you feel the season is going so far ?
"This has been a great year for all of our baseball teams from frosh to varsity."
~Daniel Clark

Did you like swinging for varsity?
"Yeah. I didn't get to play very much but it was fun just being on the team."
~Blaine Knuth

Was this year a good experience for you?
"Yes it was a good experience because I got to play with a lot of good players."
~Abe Norman

Freshman Softball

Vannessa Kitchen , Amanda Tilley, Coach Matta, Austyn Sramek, Savannah Storges, Krystin Allen, Marcia Rochna, Gwen Fuller, Kirsten Presholt, Julia Beaty, Sami Joe Bottler, Meghan Burgess, Nelia Drofyak

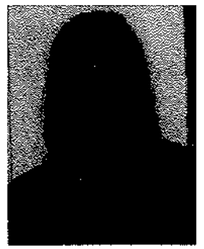
These young Viking girls play well together considering a couple key players are playing up on jv and varsity. Even though their record might not show it these girls have had a really fun year so far. Their head coach is Tony Matta who coaches and is also a friend to the girls.

What was your most memorable moment?
" When Savannah tripped over second base while trying to catch a pop fly."
~Kristin Allen

Are you inspired by any upper classmen that play softball?
" Whitney Lee because left handers rock."
~ Amanda Tilley

What was your most memorable moment?
" Tripping Vanessa Kitchin during warm-ups."
~ Samantha Bottler

How do you think the season is going for your team?
"Our season is going great because we're playing well together and everyone is improving and trying hard."
~Kristin Burke



How was this season for you?
"This season has been so much fun for me, thanks to the intensity of the games and the friends that I've made.
~Stephanie Sheffield

How do you think you team plays together?
"Our entire team gets along and it is really fun."
~Kristie Bell

If you happened to come to a girls JV softball game this season you'd see: a wonderful crowd, teammates cheering each other on, great teamwork, and a lot of positive attitudes. The girls are very optimistic and that has helped them create a great season for themselves.

Coach Becky Lippmann was very up beat about her teams progress this year. "Our season is going well. The attitude of the team is positive and they are willing to learn for improvement." When asked who the most challenging team they played was she said, "McNary. They are strong defensively and offensively."

Overall the girls JV softball team has had a great season with many good times and hopefully many more to come.

" O.K. so one day I was really tired and I was trying to catch a few Zzz's before class. And there were these two guys who were talking really loudly. And then one of them was like ' I think you should meet this guy' and the other was like ' I think you should meet this pencil' and the other guy was like ' I think you should meet this pop bottle' and they kept going on like that! So I was like ' I think you should meet this FIST!' They shut up. And then I was like... 'Wow I'm hardcore!' True story"

Michelle told Wendy and I (Casey) to meet her at Pietro's Pizza, while she took her little sister to meet Ryan's little brother. We were just there for "moral support". We weren't supposed to be seen. So we went out and hid in Michelle's trunk. We drove to take the little ones to church, then Michelle and Ryan went "cruzing" for an hour and a half. Wendy and I had been holding up the trunk with our knees so we could get some air flowing and we were holing it down with a shoelace so that it looked closed. When they came back, they were play-boxing in the parking lot. Then all of a sudden Michelle screams "NO! not on the trunk!" Wendy and I looked at each other in horror then **BOOM!** Ryan threw Michelle on the trunk. Wendy and I gave up and popped out of the trunk. Ryan had no idea the whole time."
